SERVICE AREAS

PAYMENT

Home Bound Healthcare provides services to patients who meet the requirements for home health coverage through Medicare, Medicaid, Managed Care, and Private Insurance.

We will work with your insurance company to understand what services they will cover and we will inform you up front of any out of pocket expenses that you will be obligated to pay.

Home Bound Healthcare also provides non-medical home services to individuals on a private pay basis. We accept all major credit cards to make payment quick and simple.

The services are individually tailored to your specific needs. An initial planning meeting is held at no cost to you, where we will explain all aspects of the care you choose, and their related costs.

We help people keep Parents and Grandparents out of nursing facilities and in their own home with our dedicated senior home care services!
